EXPERIENCE

Junior Frontend Developer
IThinkWeb Corporation

March 2023 - Present
Pasig City, Philippines

- Collaborated with backend developers and UI/UX designers to revamp and fully deliver the document management system, resulting in a remarkable 123% increase in annual customer acquisition and user engagement.
- Effectively integrated over 100 APIs using RESTful architecture, facilitating seamless connectivity and functionality for enhanced user experience.
- Implemented user interfaces using frontend technologies including MaterialUI, SCSS, Reactstrap, React, and Next v12-13.

TECHNICAL SKILLS

- JavaScript
- Reactjs
- TailwindCSS
- MaterialUI
- Typescript
- CSS
- Git
- Nextjs
- MongoDB
- Expressjs
- HTML

PROJECTS

Portfolio
- Personal website built with Next, React, Javascript, and TailwindCSS emphasizing my skills in web development and various projects.

Where in the world
- Developed a website showcasing country information and interactive map based on a design from frontendmentor.io. Built using Next.js 14, TypeScript, React, Leaflet Map API, RestCountries API, and MaterialUI.
